## Spring 1950 Bulb List

Stock shipped by us is guaranteed to be true to name, up to size, and sound in every respect. In keeping with trade custom, and as we exercise no control over conditions under which bulbs are planted and grown by the purchaser, we cannot be responsible for the results obtained. We allow 5 days after receipt of merchandise, for acceptance or return by you, after the expiration of which no request for adjustment will be entertained. All prices are subject to change without notice.

Unless otherwise specified, 250 or more of a variety take per 1000 rate;  
Minimum order 100 of any variety in one size, F.O.B. Yonkers, N. Y. except where stated.

# GLADIOLI

Treated against thrip and guaranteed to be free of thrip when shipped by us. However, as every grower knows, thrip overwinters on other plants during the winter and hence the infestation is prevalent throughout the country. Therefore we recommend regular spraying during the growing season. We shall be glad to supply a simple spray formula. The initial F preceeding the variety named indicates the variety is recommended for forcing. When ordering, please specify if for forcing, in which case shipment can be made in January. Use only top size for forcing. Send us your list of requirements for special quotations on quantities of 10,000 or more.
